

Installation Assistant Tool

The Akuvox Installer Kit is a tool for installers to quickly deploy projects, simplifying device configuration and cloud integration processes in projects, and enabling easy installation of Akuvox intercom systems.

At a Glance

- By automatically scanning and collecting device information throughout the community;
- Project configuration can be completed simply by entering the room number on the device;
- Automatically collect project information and package it for upload, allowing the project to be generated automatically in the cloud;
- Device settings can be directly adjusted via the kit, such as network or relay configurations;
- Powered by PoE or an external power supply;

Installer Kit Composition

- 1*S563W
- 1*Screwdriver
- 1*Column bubble level
- A pack of wrenches
- A pack of screws

Touch Screen Display of Tool

- Display Mode: Normally black, Transmissive
- LCD Size: 8 inch (Diagonal)
- Aspect Ratio: 16:10
- Resolution: 1280x800
- Contrast ratio: 1200:1
- Luminance: 310 cd/m²
- Viewing Angle: 80° Left, 80° Right,
80° Upper, 80° Lower
- Touch Screen: Projected capacitive

Physical Parameters of Tool

- Front panel: Plastic
- Display: 8 Inch IPS LCD
- Screen: 8 Inch capacitive touch screen
- Wi-Fi: IEEE802.11 b/g/n/ax
- 802.3af Power-over-Ethernet
- 12V DC Connector (if not using PoE)
- Dimension: 216.2x124.4x22.1 mm
- Working Humidity: 10~90%
- Working Temperature: -10°C ~ +45°C
- Storage Temperature: -20°C ~ +70°C

Maintenance of Tool

- Web management portal
- Web-based packet dump
- Configuration backup / restore
- Firmware upgrade
